Credit Application

Dear Customer:

Thank you for applying for credit with our company. The purpose of credit with our company is to allow your company to establish an account with payment terms customarily set – and set by default – with a net 30 days payment due date. There is a late payment fee of 1.5% per month (18% per annum). Each approved credit account will have a defined credit limit that is based on several factors, including: 1) how much credit you ask for, 2) determining your past credit history, 3) your willingness to sign a Personal Guarantee of payment, should we request one, and 4) submission of additional financial statements, should we request them.

Please note the attached credit application form. It includes six sections. We ask that you complete each section by following instructions at the top of each page. Also note that, upon initial review of your application, we may need to follow up on some information with you or request that you provide more information, as described in items 3 and 4, above. Keep in mind that the more information you provide on your business the quicker we can determine its credit worthiness.

Note that we order commercial credit reports from one or more of the following: 1) Dun & Bradstreet, 2) Experian, or 3) Equifax. These reports, combined with the reports we receive from the credit references you provide, largely determine whether a credit account is approved or not and the amount of the credit account.

We reserve the right to refuse any credit application based on the applicant's credit history. Furthermore, we will place all new customer accounts in an evaluation period until purchasing history is established and payment terms have been met.

We accept cash, bank-issued cashier's checks, wire transfers, and credit cards for all purchases.

If you have any questions regarding this application process, please contact your sales representative or call our Credit Department at 813-316-2221 or email us at ar2@qssi.com

Thank you,

The Credit Department

***** Notice of QSSI Credit Policy Update *****

October 31, 2018

It is most evident that the lighting industry is evolving and that the evolution of new technologies are to the benefit of consumers. Newer lighting products are replacing the old, such as the consumer preference for LED lighting over HID ,fluorescent and halogen technologies, and yet even newer LED products come to market at a dizzying pace. It is a steep challenge for lighting manufactures and distributors to keep up with technology and changing consumer demand. The lighting market has also been saturated with cheap, marginal products that offer no long-term value and have warranties that hold no long-term value as well. As a result, even well-established lighting companies (let alone startup companies) have experienced financial stress, or worse, have shuttered their doors altogether. When companies shutter their doors, the financial fallout is felt throughout the supply chain.

QSSI is a manufacturer of lighting and electrical products and we are proud and indeed privileged to offer these products to our customers, but we have our own suppliers and workers to pay in order to bring our products to market. QSSI is not a financial sponsor or a lending institution, but we have offered short-term business credit accounts to our credit-worthy customers. These accounts assume that customer has the ability to pay and will pay upon the agreed timeline and terms. In other words, we are not financing your purchase of our products, rather, we provide an accounting convenience on net payment terms and under the assumption that the purchaser would otherwise have the ability to pay for the products on the date the product is ordered and invoiced. Unfortunately, we have recently experienced an alarming number of defaults on our credit accounts.

Please take note that we therefore are changing our policy for credit accounts, effective immediately. Existing accounts with overdue balances will be placed on credit hold until such time that the account is brought current. Furthermore, overdue accounts that are not secured by a personal guarantee of one of the principal owners of the company may thus be required to complete one, offer financial statements in support of financial health, offer a UCC filing to secure the account, offer collateral to support the credit offered, or a combination thereof, in order to keep the credit account open. Note that we also reserve the right to review all existing accounts, whether current or not, to include a review any information concerning the financial security of the account and to determine whether or not to continue to offer credit on those accounts. All new credit accounts will be required to offer some form of financial security. Companies that have been in business for less than five years will be required to complete a personal guarantee of payment, in consideration of an offer of credit. Established businesses will be reviewed for credit-worthiness using a combination of credit reports and published financial documents and a guarantee may be required based on new credit information.

As always, we offer our products for sale on a prepaid basis. We accept payment by credit card, ACH, bank wire-transfer, and bank-issued cashier's checks. All payment methods must be verified for funds before products are shipped.
