

EasyLED Lighthouse Bollard

Nautical Series, B10E

PRODUCT OVERVIEW

The coastal inspired Lighthouse Bollard provides pedestrian and parking area lighting with a seaside flair. The specially designed reflector cone optics offer excellently controlled, uniform lighting or opal LumaLens for soft lighting with uplight component, and is ideal for a wide range of applications including parking areas, walkways and landscape accents.

The durable one-piece sand-cast aluminium housing is finished with a weather-resistant textured powdercoat finish providing years of service. The precision vandal-resistant, UV-stabilised polycarbonate optical lens produces a Type V distribution and protects the internal components. Multiple wattages available from 9 to 37 watt EasyLED Arrays and choice of three colour temperatures (3000K, 4000K and 5000K), which produce up to 5,500 delivered lumens. Easily replaces 70-100 Watt legacy HID systems, with an energy savings of 80% or more versus comparable Metal Halide systems.

CONSTRUCTION

Durable sand-cast aluminium
Polycarbonate lens
Stainless steel hardware
Choice of Reflector Cone or Opal LumaLens for Soft Lighting with Uplight Component

EFFICACY

Up to 134 lumens per watt
Excellent thermal management for LED longevity
80% energy savings over traditional metal halide

DRIVER

1-10V Dimmable Driver
CE Certified Driver
2kV Surge Protection Standard

APPLICATIONS

Parking Areas
Walkways
Parks
Plazas
Landscaping
