

Reveal Round & Square Light Columns

B3T/B4T

PRODUCT OVERVIEW

The Reveal 12-foot Light Columns provide contemporary pedestrian lighting to highlight points of interest and direct flow. Coordinates with the Reveal family of site lighting fixtures, and is ideal for retail centers, schools and universities, public transit, park walkways and plazas.

LEDicated *SoftLED*

The durable extruded aluminum housing is finished with a weather-resistant textured powdercoat finish providing years of service. Choice of clear or low-glare SoftLED vandal-resistant UV-stabilized polycarbonate lenses produce a Type V distribution and seals the LED array. Available with 16-25 watt EasyLED arrays in three color temperatures (3000K, 4000K and 5000K), which produce up to 3,320 delivered lumens. A heavy-duty decorative cast aluminum clamshell base hides mounting hardware and is finished with the same durable powdercoat finish.
