# ABOUT QSSI UK

## Commercial & Industrial Outdoor Lighting

We are dedicated to providing our customers with a high-quality product, that is recognised as such within the industry and to do so every time! Our project management team in the U.K. stands ready to reply promptly and accurately to your inquiries. We look forward to the opportunity to build a relationship based on longevity and trust.

Our philosophy is simple—we will consistently offer our customers a high-quality product, and treat them like we would want to be treated. We strive to develop long-term relationships with our customers and provide them with a better customer experience. Our employees are trained in our “Best in Class” Customer Care programme. We will work hard to make every interaction with QSSI a positive one.

## HIGHLIGHTS

### QSSI UK Highlights and More

- Complete Bespoke Service
- Factory Installed Mounts
- Flying Leads Available
- Emergency Battery Backup
- Sensors
- Photocells
- PC Amber LPS Replacement

## ASSEMBLY IN THE UK

Our UK facility is located in Telford, Shropshire. Opened in the Autumn of 2014, this facility allows us to service the UK, Europe, and the Middle East with a range of lighting products, including our EasyLED line of custom-designed LED lighting products.

U.K. assembly includes configuration to order, final product testing, and required safety certifications.

## A STRONG PARTNER

### Proven Stability and Tenure

In an environment of rapid product innovation, industry consolidation, and company closures, it is important to partner with forward-looking, sustainable companies like QSSI. Established in 1985, QSSI is a company with tenure and proven stability that sets us apart from other suppliers.

QSSI UK has its own tooling for our existing product line. We are also custom designers and manufacturers for our OEM customers. In addition, we own our U.L., CE, GS, and TUV files used for the international market and all of our products comply with these strict standards.

We offer warranty-worthy products with proper thermal management, balanced LED boards to match power supplies, environmentally sealed optics with tested performance, and full safety compliance and testing.

# A TRUE MANUFACTURER

## From Raw Materials to Finished Goods

QSSI is a true manufacturer with over 37 years of experience in electrical and lighting products. Our lighting products are manufactured from top quality raw materials to finished goods, which allows us to be in total control of the product specifications and quality we provide, a product with years of trouble-free service.

We manufacture all of our own LED luminaires, arrays, and optics. Standard fixtures can be customised to meet customer project requirements. Our skilled production personnel assemble all LED fixtures to the exact configuration required.

Our vertically integrated manufacturing includes: engineering, mechanical and optical design, automated die casting, automated sanding and polishing, stamping and fabrication, powder coating and pretreatment, assembly, SMT LED, thermal and photometric testing.

## SUSTAINABILITY

Established in 1985, QSSI is a company with tenure and proven stability that sets us apart from other suppliers.

We have been in business for over 37 years. We are committed to being here for the “long haul,” providing current and future value to our customers by managing and investing in our manufacturing capabilities and human resources for long term success.

In addition to controlling the manufacturing of our products, our U.K. facilities provide customers with:

- Full assembly and fixture customization
- Fully stocked 23,000 square foot warehouse
- Our 98-3-1 Quick-Ship Program:
  - > 98% Fill Rate
  - > 3-Day Lead Time
  - > 1 Item Minimum Order Quantity
