ABOUT THESE PRODUCTS

AUTHENTIC VINTAGE DESIGNS

Looking for authentic vintage Historically Handcrafted designs that are welded, handmade and built to last? QSSI has your covered.

VINTAGE MEETS MODERN

These Historically Handcrafted products combine rich tradition with modern technology. These fixtures meet today's standards in efficiency, design integrity, and quality.

We took product designs that were popular in the 1920's, 30's, and 40's and reintroduced them with modern lighting sources, superior finishes, and UL/ETL/CSA listings. Old iron castings were replaced with aluminum and added new optical systems.

EXTENSIVE DESIGN OPTIONS

This Historically Handcrafted line of products includes: Post Tops, Bollards, Pendant Mounts, Arms, Poles, and Pole Accessories. Create a custom design with our extensive selection of Post Top Accessories: bands and cages, finials, and capitals.

EXPLORE THE HISTORY
