

the cost of cheap is

NOT CHEAP

The labour cost to replace cheap fixtures will far exceed the initial investment in quality products.

invest in the best

Our main priority at QSSI UK is to make sure that you are getting optimal lighting solutions to meet your needs. Our products are designed for commercial outdoor applications and are some of the best available on the market. We provide a full range of products for automotive, marine, industrial, architectural, outdoor, and general lighting. All our commercial outdoor lighting products come with a solid 5-year warranty, and we only use high-quality materials in our manufacturing process. You can be sure they are built to last and will look great even in extreme environments.

Invest in the future of outdoor lighting. Invest in QSSI.

invest in the experts

decades of experience

LED lighting is the wave of the future for outdoor commercial lighting. However, if the fixtures you are purchasing are not the highest quality, you will be left in the dark. Choosing a high-quality solution from QSSI UK ensures you are getting the very best product from an experienced manufacturer of nearly 40 years, who knows how to design properly functioning LED lighting that will outlast the competition.

With QSSI UK's aluminium ingot from Alcoa and LED Diodes from Samsung, you can be sure that your commercial outdoor LED lighting fixtures are operating with the very best components available. Our rigorous testing and evaluation ensure that the highest quality, long-lasting fixtures will be available, even in the hottest and most extreme temperatures.

worry-free fixture lifespan

We also recognise the importance of lighting in keeping people safe and businesses running smoothly and take pride in our high standards of quality assurance. Our very own certified test lab utilises the latest and most advanced test equipment available to perform extensive benchmarks on each fixture. Have peace of mind knowing that your fixtures are built to meet the highest standards.

people you can trust

When you're looking for who to trust for your outdoor lighting needs, look no further than QSSI UK. With our quality assurance process, valid product warranties, and dedicated team of experts, you'll get the best quality fixtures at the best value. Trust that you, or an entire city will never be left in the dark with QSSI UK!
